

# 2022 HIGHLIGHTS

*LEGACY successfully inspired students at Air Force installations.*

"He cannot stop talking about the fun he had every day! He enjoyed the challenges and learned so much from the hands-on experiments."

– LEGACY Parent

"LEGACY is truly a shining example of a successful program to help build our future."

–Mr. Timothy Sakulich,  
Executive Director,  
Air Force Research Laboratory

"I love being a LEGACY teacher and seeing students try new STEM activities!"

– LEGACY Teacher

"This experience allowed me to explain my research to someone not in the field; she took what she learned and was able to provide extremely useful work."

– LEGACY Mentor

"This internship made me feel more confident about lab work and research; interacting with my mentor and his colleagues widened my perspective on career paths in STEM."

– LEGACY Apprentice

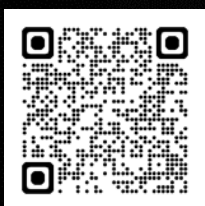

"I had a great time at camp! The sumo-robot that I made was great and I enjoyed going home and showing off my project."

– LEGACY Craftsman Camp Student

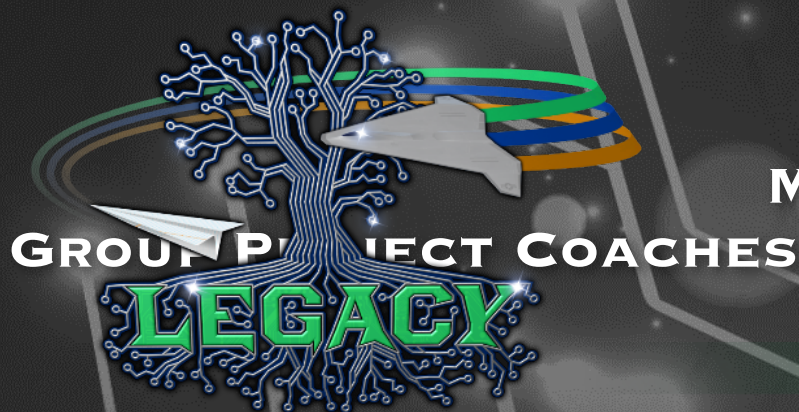

**Wright-Patterson ★ Eglin ★ Air Force Academy ★ Hill ★ AFOSR**

**354 STUDENTS IN 2022**  
**86% TARGET CANDIDATES**  
**73% RETURN RATE**

**Sign-up closes March 1, 2023**

**MENTORS, VOLUNTEERS,**

*Inspire the Next Generation*

**The LEGACY program is three phases designed for students from age 11 to completion of their bachelor's degree. LEGACY is intended to introduce STEM at a young age, continue growing students' interest in STEM, and eventually hire these students into a STEM-driven Air Force career.**

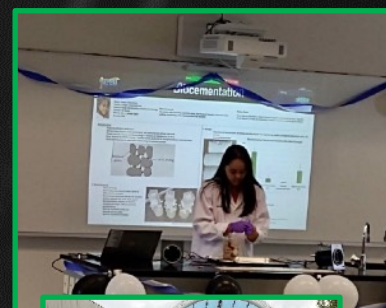

## Mentors

Introduce students to state-of-the-art facilities while building their understanding of cutting-edge technology and how real-world research is being conducted. Mentors also help develop students' professional skills and are instrumental in growing the future workforce.

- **No organizational funding required**
- Develop a protégé at a young age
- Review of potential mentee
- Create a task plan for student summer work
- **Part-time or shared mentoring option**
- Pair students and mentors based on task plan
- Guide-and-go style mentoring approach
- **Duration: June 5–August 4, 2023**
- Monday – Friday: Business hours

\*Schedule at supervisor/mentor discretion\*

## Group Project Coach

Lead a group of LEGACY interns in researching a solution to a real-world problem. The problem may be the coach's choice or provided by the LEGACY team.

## Volunteer Opportunity

Showcase a hands-on demonstration or presentation at one of the LEGACY camps. Expose students to the multiple career fields the Air Force has to offer.
